From your carriage, you'll see the fields of the Canterbury Plains and farmland, followed by the spectacular gorges and river valleys of the Waimakariri River. The train then climbs into the Southern Alps passing through small settlements and Arthur's Pass National Park before descending through the lush beech rain forest to the West Coast town of Greymouth, a great base for visits to Punakaiki and the West Coast glaciers.

This self-guided experience is a historical and creative exploration of the Poutini Ngā Tahu and the Māwhera Pā settlement people, retold by their ancestors. The exhibition will lead you through six different narratives, each tale including a large-scale masterpiece, artistically crafted by Weta Workshop to cultivate an immersive journey of visuals and sound.

Day 2

Fox Glacier

The mighty Fox Glacier is the largest and longest of the stunning West Coast glaciers. Remarkably, it ends in a temperate rainforest just 250 metres above sea level, only twelve kilometres from the sea. The valley at the glacier's head boasts more peaks than any other in New Zealand. Like all glaciers, the Fox Glacier advances and retreats, with its latest surge evident in the bulging lower ice fall. Alpine Guides offers access to the lower part of the glacier via a hidden track that winds through regenerating native forest, providing stunning views of the glacier's upper reaches. Fox Glacier Township, often described as the more "laid-back" of the twin Glacier Country townships, is celebrated for its relaxed atmosphere, excellent cafés, and a variety of accommodation options. The township also enjoys breathtaking views of New Zealand's tallest peaks, Mount Cook and Mount Tasman. For an unforgettable experience, take a helicopter ride to admire the glacier from above or opt for a heli-hike to get up close to its icy formations. Nearby, Lake Matheson, renowned for its mirror-like reflections, is just a five-minute drive west of Fox Township. A short 25-minute drive further west takes you to historic Gillespie's Beach, famous for its crashing surf and views of distant snow-capped mountains.

Flying Fox Glacier Heli-hike with Fox Glacier Guiding

The Fly-In, Fly-Out Heli-hike offers an unforgettable blend of adventure and breathtaking scenery, combining thrilling helicopter flights with a guided walk on the Fox Glacier. Flying in grants access to a remote part of the glacier, where powerful ice forces create stunning caves and arches. After an exhilarating flight over the lower and upper icefalls and Victoria Falls, you'll land in a pristine area of the glacier. Equipped with crampons, follow your guide to explore ever-changing ice formations and caves, capturing incredible photos along the way. It is important you read and understand the risks associated with this activity. For more information please see [here](#).
