Day 2

Fox Glacier

The mighty Fox Glacier is the largest and longest of the stunning West Coast glaciers. Remarkably, it ends in a temperate rainforest just 250 metres above sea level, only twelve kilometres from the sea. The valley at the glacier's head boasts more peaks than any other in New Zealand. Like all glaciers, the Fox Glacier advances and retreats, with its latest surge evident in the bulging lower ice fall. Alpine Guides offers access to the lower part of the glacier via a hidden track that winds through regenerating native forest, providing stunning views of the glacier's upper reaches. Fox Glacier Township, often described as the more "laid-back" of the twin Glacier Country townships, is celebrated for its relaxed atmosphere, excellent cafés, and a variety of accommodation options. The township also enjoys breathtaking views of New Zealand's tallest peaks, Mount Cook and Mount Tasman. For an unforgettable experience, take a helicopter ride to admire the glacier from above or opt for a heli hike to get up close to its icy formations. Nearby, Lake Matheson, renowned for its mirror-like reflections, is just a five-minute drive west of Fox Township. A short 25-minute drive further west takes you to historic Gillespie's Beach, famous for its crashing surf and views of distant snow-capped mountains.
