Head over the hill to resort town Wanaka, or re-live scenes from Lord Of The Rings by four wheel drive. But - if you really do want that rush - head out on the Shotover Jet, dive off the Nevis Bungy, freefall on the Canyon swing or Zip line the Gondola. Nestled on the shores of one of New Zealand's largest lakes and framed by the stunning Southern Alps. Wānaka is an alpine village that perfectly blends adventure, breathtaking scenery, and a laid-back vibe. In winter, Wānaka transforms into a bustling hub as snow sports enthusiasts flock to its renowned ski fields, Treble Cone and Cardrona, as well as cross-country at Snow Farm. As the gateway to Mt Aspiring National Park, it offers endless opportunities for hikers, with trails winding through remote wilderness, majestic peaks, and serene river valleys. Closer to town, you'll find a network of scenic walking tracks, such as the popular Mount Iron Track, and from the lakefront, it is a short walk to "That Wanaka Tree". For thrill-seekers, Wānaka is an adrenaline playground, offering skydiving, paragliding, downhill biking, rock climbing, and jet boating.

Lake Cruise and Island Nature Walk with Eco Wanaka

Lying close to the centre of Lake Wanaka is Mou Waho Island Nature Reserve. A unique glacial remnant of the last ice age, the island is also the historic site of early shipbuilding and used to be a stopping place for the steamers and log rafts that once plied the lake. Accessible from Wanaka by a 35-minute boat cruise, the landing is on the eastern side of the island where the remnants of the early settlement remain; a stone wharf and a hut. A well-formed track leads from the landing and climbs steadily through native bush to near the top of Tyrwhitt Peak. Just before the top, we see Arethusa Pool, a small lake on the island with small islands in it - very intriguing! From the top, we have a sweeping 360-degree view of Lake Wanaka, its surrounding mountains and valleys, and below Arethusa Pool. The perfect spot to stop for tea or coffee. Going back down the track gives us more time to take in our surroundings, listening to and watching the lively bird-life, and just enjoying this unique wildlife reserve. You will feel well rewarded as you re-join the boat for the cruise back to Wanaka. Total cruise time is 1.5 hours. The trip runs subject to weather and lake conditions. Depending on the planting season, you can help The Reforestation of Mou Waho by planting a tree.

Day 6

Franz Josef to Arthur's Pass National Park

Driving north on State Highway 6 you pass through many small West Coast towns. Hari Hari is the township that Guy Menzies decided to land in (or rather crash land) as he became the first person to fly solo across the Tasman. Ross is the site of an old gold mining town and some of the old buildings remain. You can even pan for gold. The craft and gift stores in Hokitika are excellent with a great range of locally made items and if you want to explore further here then the Hokitika Gorge is worthy of a 50 minute detour.

State Highway 73 is the main road between the West Coast and Christchurch and the scenery is spectacular, even in the rain and there is a pretty good chance of rain in the high alpine mountains. With hundreds of waterfalls cascading down the bush-clad hillsides, it's not a road to be rushed. Originally the road was a pass used by Maori as they made their seasonal passage to look for the greenstone abundant in the West Coast mountains. When the gold rush hit the West Coast in the late 1800's then a road was quickly developed and not soon after the train. Today the main use for the track is transporting coal to Lyttelton Harbour but once a day the now world famous TransAlpine Scenic Train takes a few hundred tourists and visitors between the two oceans.

The Otira Gorge on the Western side of Arthur's Pass features a remarkable piece of engineering with the road passing high on a viaduct through this large valley. This is a recent addition to the route as the old road was washed away in a rock fall a few years ago. There are numerous lookout points giving great views of the valley and its engineering feat but watch out for the local residents, the kea. this bird is the world's only alpine parrot and can be extremely cheeky.

Arthur's Pass Township is a bustling place in the peak season with many walkers and adventurers using it as a base for the forays into the mountains of Arthur's pass National Park. The Department of Conservation centre here has an excellent display of the local history and is a great source of information for the many short walks in the area.

Arthur's Pass National Park

Arthur's Pass National Park straddles the Southern Alps and because of this, offers a landscape of contrast. The Western regions of the park benefit from the high rainfall that drops from the prevailing winds as it ascends the main divide, creating lush rainforests. The east is much drier and dominated by beech forest. Between the two lies the mountainous areas of the Southern Alps, home to kea and snow tussock. As well as the natural wonders of the park there is a long history of human presence, beginning with early Māori who used the passes to travel between the east and west coasts to trade pounamu-Greenstone. In 1864 Arthur Dobson surveyed the area to create a reliable route and despite his advice that it was 'almost impossible' a large number of men carved a rudimentary road through the Southern Alps - completing it in 1866. The recent Otira Viaduct was a major engineering achievement and greatly minimises the hazards of travelling this way. The West Coast goldfields were the driver for the creation of the road and also led to Arthur's Pass village being developed.

The village still exists and provides amenities including a store, cafes, restaurants and the Department of Conservation visitor centre. There are several ways to explore the National Park, including hiking, caving and bird-watching. Visit the DOC visitor centre, to be advised on the most suitable walks for your ability and the weather conditions.

Day 8

Arthur's Pass to Christchurch

Descending into the valleys of the Waimakariri this drive offers some spectacular views of the braided river valleys. Castle Hill Scenic Reserve sits in limestone country and the area is dotted with remarkable rock outcrops. A popular place with climbers it was also an important place for Maori in past years as they provided shelter on their seasonal journeys between the coasts. There is a network of walking paths allowing you to explore.

Descending onto the Canterbury Plains the rich farmland that attracted and helped settlers prosper becomes apparent as you head into the city of Christchurch.

Christchurch

Christchurch known in Māori as Ōtautahi, is the largest metro area in the South Island. Commonly referred to as New Zealand's "Garden City", Christchurch is home to one of the biggest public parks in the country, and beautiful botanic gardens. The city was hit with devastating earthquakes in 2010 and 2011, now the city crosses the line between its English heritage and a new modern architecture. To take in some arts and culture, pay a visit to the Canterbury Museum or the Christchurch Art Gallery. Take a step back in time with a tram around the city or punt along the Avon River. If tasting your way around the city is your means of travel, try out a cultural eating tour. A short drive from the CBD will lead you to the outskirts of the Banks Peninsula beachside suburb of Sumner or through the tunnel to Lyttleton Harbour which hosts fantastic markets on Saturday mornings.

At around 27 kilometres long the Tasman Glacier is New Zealand's longest and a Glacier Explorers tour allows you to see its unique features up close.

There are many short hikes in and around the park and these are well signposted around the village. Those with an interest in the night sky should take a Big Sky Stargazing tour with the Hermitage Hotel.
