Welcome to Christchurch City

New Zealand's garden city is steadily being transformed into a vibrant urban destination. Encompassing a large green belt, it is known for its wide tree lined avenues and lush gardens. A great way to explore the city or easy way to see the sights or ride the historic trams across town to the renowned botanic gardens and the unique cardboard Transitional Cathedral, that's right it is built of cardboard!

SUGGESTED ACTIVITY - Discover Christchurch Afternoon Tour with Leisure Tours

A half-day sightseeing tour of Christchurch highlighting both the damage to the city inflicted by several large earthquakes in 2010 and 2011 and the rebuild which is currently in progress, together with the surviving beauty of the city and the historical landmarks. Experience the grand architecture, beautiful gardens, and scenic viewpoints on a half-day city tour of Christchurch.

Your accommodation: Sudima Christchurch City

Sudima Christchurch City is a brand new 5-star boutique hotel, ideally located on Victoria Street. Amidst an array of cafes, restaurants and bars, stay only a martini olive pips' throw from beautiful Hagley Park and Christchurch's CBD. Experience the garden city in comfort and style.

Day 2

Christchurch to Aoraki-Mt Cook via Lake Tekapo Small Group Tour with Cheeky Kiwi - Lunch Included

Departing from Christchurch, you will make your way through the vast Canterbury Plains. Enjoy a delicious stop at Fairlie Bakehouse before marvelling at the vibrant blue waters of Lake Tekapo and the iconic Church of the Good Shepherd. Travel past the stunning Lake Pukaki, framed by Aoraki-Mt Cook and the Southern Alps, and immerse yourself in the breathtaking landscapes of Aoraki-Mt Cook National Park. Capture unforgettable photos and explore New Zealand's highest peak without breaking a sweat!

Aoraki-Mt Cook National Park

At 3754m Aoraki-Mt Cook is Aotearoa-New Zealand's highest mountain, located deep in the heart of the Southern Alps. As well as its impressive beauty, Aoraki-Mt Cook National Park is also home to a huge range of awe-inspiring sights and activities. Take to the air with Mt Cook Ski Planes for a scenic flight that includes a glacier landing. At around 27 kilometres long the Tasman Glacier is New Zealand's longest and a Glacier Explorers tour allows you to see its unique features up close.

There are many short hikes in and around the park and these are well signposted around the village. Those with an interest in the night sky should take a Big Sky Stargazing tour with the Hermitage Hotel. The region is considered to have one of the clearest night skies in the world and is one of the few gold-rated dark sky reserves worldwide.

Visit the Sir Edmund Hillary Alpine Centre for insight into this region's mountain climbing history. You'll also learn of Sir Ed's incredible achievements and his dedication to helping others around the world.

SUGGESTED ACTIVITY - Glacier Explorers

Experience 500-year-old icebergs up close on the Aoraki-Mt Cook terminal lake. The Glacier Explorers tour is the only one of its kind in New Zealand and one of only three in the world! Very few glaciers terminate into lakes and even fewer of them are accessible. See towering ice cliffs and floating icebergs from the safety of a specially designed boat. These boats provide a safe way to view unseen and inaccessible areas of New Zealand's largest glacier The Tasman.

SUGGESTED ACTIVITY - Big Sky Stargazing

Mt Cook is far from the city lights and therefore has some of the darkest skies in New Zealand, perfect for viewing the night sky! Their fully trained guides are delighted to show you the beautiful southern night sky using the naked eye, state-of-the-art astronomy telescopes, and binoculars at the outdoor viewing platform. If the weather is not favourable, then there will be an indoor alternative featuring New Zealand's first full-dome digital Planetarium, high-definition video images on a suspended 9m wide x 4.5m high full dome. Unleash your imagination as you discover the night sky, including the Southern Cross, seasonal ecliptic objects, planets, star clusters, moons, distant galaxies, and even our very own galaxy, the spectacular Milky Way!

Dunedin

Dunedin, known in Māori as Ōtepoti, is referred to as the "Edinburgh of the Southern Hemisphere". Of particular note is Dunedin Railway Station, built 1904 - 1906, and St Paul's Cathedral in the Octagon. The Otago Museum is renowned for its Māori and Pacific Island collections and natural history displays. High among the rolling hills of the Peninsula is Larnach Castle, the grand home of an early politician. Construction of the castle began in 1871 and was completed 12 years later. From here, views out to sea and back towards the city emphasize the singular beauty of Dunedin and its jewel-like harbor.

Dunedin Botanic Gardens - Suggestion

The Dunedin Botanic Garden is New Zealand's first botanic garden and is also a Garden of International Significance. It is home to more than 6,800 plant species and is spread across both rolling hills and flatlands. Wild native bellbirds, wood pigeons and tui can be heard on most days. The garden occupies 30.4 hectares in North Dunedin. It also houses a New Zealand Native plant collection including cultivation of rare and endangered native plant species.
