The drive South on State Highway 6 takes you through many West Coast towns. The first is Greymouth, the commercial centre for the West Coast. Just south of the town is Shantytown a replica gold rush town with lots of great displays from yesteryear.

The next town is Hokitika and this is a great place to explore the craft and gift stores. The Jade or Greenstone on offer in Hokitika is probably some of the best you will see in the country. The Hokitika Gorge, off the beaten track and inland a little is a spectacular 50 minute detour. Turquoise waters flowing through a narrow gorge. A great short walk will deliver you to this piece of paradise.

Ross is the site of an old gold mining town and some of the old buildings and workings remain. In fact Ross is still home to one of the few working gold mines left in New Zealand and the local information centre offers you the chance to pan for gold.

Continuing south Hari Hari is the township that Guy Menzies decided to land in (or rather crash land) as he became the first person to fly solo across the Tasman.

Whataroa, a small township on the main road is where you would head off to see one of the worlds rarest birds. The entire population (somewhere between 150 and 200 birds) of the New Zealand white heron or kotuku nest at the Waitangi Roto Nature Reserve and guided tours from October to March will take you there.

Arriving in to the Glacier region you catch your first glimpse of Franz Josef Glacier from a few kilometres out as it flows from the Southern Alps. Franz Josef township is a lively place with a great atmosphere, plenty of choice to dine out and some wonderful activities to enjoy.

Franz Josef

Franz Josef, named after both the local village and the nearby glacier, holds special significance in Māori culture as "Ko Roimata o Hine Hukatere" – The Tears of the Ice Maiden. This rare glacier is one of only three in the world that descends from alpine heights into a temperate rainforest, almost reaching sea level. New Zealand is home to two of these unique glaciers, Franz Josef and Fox Glacier, both highly accessible and popular with visitors. The best ways to experience the glacier are through scenic flights or, for the adventurous, a heli-hike. You can also enjoy glacier views with a short drive from the village and walking tracks. Beyond the glacier, Franz Josef offers a wealth of adventure activities and beautiful forest and alpine walks, making it a must-visit destination.

SUGGESTED ACTIVITY - Okarito Lagoon Guided Kayak Trip (2 hours) with Okarito Kayaks

Kayaking is by far the best way to enjoy the flora, fauna, and scenic grandeur of New Zealand's largest unmodified coastal wetland. Previous experience is not necessary. Okarito Lagoon covers more than 3240 hectares of shallow open water and is well known for its outstanding bird life, including white heron and royal spoonbill. Exploring the open water and river channels that lead you deep into the heart of the rainforest is like stepping back in time to pre-European conditions and on a clear day you enjoy fantastic views of Mt. Cook and the Southern Alps. Your guide will take you to their favourite spots where you'll discover the flora, fauna, and history of the lagoon.

Your accommodation: Punga Grove Motel & Suites

Punga Grove is right in the heart of Franz Josef Glacier village stylish accommodation in a beautiful rainforest setting.

Day 10

Explore Franz Josef

Franz Josef is a small yet lively town in the heart of New Zealand's West Coast, best known for its spectacular 12 km-long glacier. The township is surrounded by lush, rainforest-clad mountains and has a vibrant atmosphere with plenty to explore. A variety of scenic walking trails offer incredible views of the glacier, but for a truly up-close experience, a licensed helicopter tour is the only way to set foot on the ice. Beyond the glacier, unwind in the rejuvenating Hot Pools or visit the West Coast Wildlife Centre to spot rare kiwi birds. If you're in the mood for a more relaxed day, the township is home to charming souvenir and gift shops, as well as great dining spots like SnakeBite Brewery and King Tiger. Whether you're chasing adventure or relaxation, Franz Josef is a stunning blend of wild beauty and welcoming hospitality.

Franz Josef Glacier Helihike with Franz Josef Glacier Guides

After a thrilling scenic flight, high above the rugged terrain, you will land on the glacier, ready to undertake a guided glacier hike. Your friendly guide will lead you through some of the most pristine and awe-inspiring glacial scenery in the world. Your guide will choose your route carefully as you go and, with an eye for the most spectacular ice formations, you'll soon be making your way through an extraordinary landscape of towering peaks and glistening blue ice. It is important you read and understand the risks associated with this activity prior to travel. For more information please see [here](#).

Your accommodation: Punga Grove Motel & Suites

Punga Grove is right in the heart of Franz Josef Glacier village stylish accommodation in a beautiful rainforest setting.

Day 11

Franz Josef to Arthur's Pass National Park

Driving north on State Highway 6 you pass through many small West Coast towns. Hari Hari is the township that Guy Menzies decided to land in (or rather crash land) as he became the first person to fly solo across the Tasman. Ross is the site of an old gold mining town and some of the old buildings remain. You can even pan for gold. The craft and gift stores in Hokitika are excellent with a great range of locally made items and if you want to explore further here then the Hokitika Gorge is worthy of a 50 minute detour.

State Highway 73 is the main road between the West Coast and Christchurch and the scenery is spectacular, even in the rain and there is a pretty good chance of rain in the high alpine mountains. With hundreds of waterfalls cascading down the bush-clad hillsides, it's not a road to be rushed. Originally the road was a pass used by Maori as they made their seasonal passage to look for the greenstone abundant in the West Coast mountains. When the gold rush hit the West Coast in the late 1800's then a road was quickly developed and not soon after the train. Today the main use for the track is transporting coal to Lyttelton Harbour but once a day the now world famous TranzAlpine Scenic Train takes a few hundred tourists and visitors between the two oceans.

The Otira Gorge on the Western side of Arthur's Pass features a remarkable piece of engineering with the road passing high on a viaduct through this large valley. This is a recent addition to the route as the old road was washed away in a rock fall a few years ago. There are numerous lookout points giving great views of the valley and its engineering feat but watch out for the local residents, the kea. this bird is the world's only alpine parrot and can be extremely cheeky.

Arthur's Pass Township is a bustling place in the peak season with many walkers and adventurers using it as a base for the forays into the mountains of Arthur's pass National Park. The Department of Conservation centre here has an excellent display of the local history and is a great source of information for the many short walks in the area.

Arthur's Pass National Park

Arthur's Pass National Park straddles the Southern Alps and because of this, offers a landscape of contrast. The Western regions of the park benefit from the high rainfall that drops from the prevailing winds as it ascends the main divide, creating lush rainforests. The east is much drier and dominated by beech forest. Between the two lies the mountainous areas of the Southern Alps, home to kea and snow tussock. As well as the natural wonders of the park there is a long history of human presence, beginning with early Māori who used the passes to travel between the east and west coasts to trade pounamu-Greenstone. In 1864 Arthur Dobson surveyed the area to create a reliable route and despite his advice that it was 'almost impossible' a large number of men carved a rudimentary road through the Southern Alps - completing it in 1866. The recent Otira Viaduct was a major engineering achievement and greatly minimises the hazards of travelling this way. The West Coast goldfields were the driver for the creation of the road and also led to Arthur's Pass village being developed. The village still exists and provides amenities including a store, cafes, restaurants and the Department of Conservation visitor centre. There are several ways to explore the National Park, including hiking, caving and bird-watching. Visit the DOC visitor centre, to be advised on the most suitable walks for your ability and the weather conditions.

Your accommodation: Bealey Hotel and Motel Arthurs Pass

The Bealey Hotel offers fully serviced and self contained motel units just 15 minutes east of the Arthur's Pass Township. Facilities include a restaurant and bar.

Your accommodation: Bealey Hotel and Motel Arthurs Pass

Day 13

Arthur's Pass to Christchurch

Descending into the valleys of the Waimakariri this drive offers some spectacular views of the braided river valleys. Castle Hill Scenic Reserve sits in limestone country and the area is dotted with remarkable rock outcrops. A popular place with climbers it was also an important place for Maori in past years as they provided shelter on their seasonal journeys between the coasts. There is a network of walking paths allowing you to explore.

Descending onto the Canterbury Plains the rich farmland that attracted and helped settlers prosper becomes apparent as you head into the city of Christchurch.

Return Your Vehicle to Christchurch Airport

It's time to return your rental car and let the South Island journey come to an end. If time allows spend the day exploring more of Christchurch, we'd suggest a leisurely drive up the Port Hills for some great sites and then over to the harbour of Lyttleton, before circling through the tunnel and back to the airport to continue your journey home.
