Day 4

Explore Queenstown

Well-known as New Zealand's 'adventure capital', Queenstown is home to a range of adventures, from the world's first and most famous bungy jumps to jet boat thrills, white-water rafting, and skydiving. However, Queenstown offers far more than a fast-paced, action-packed holiday. Settled on the shores of beautiful Lake Wakatipu beneath a soaring panorama of the Remarkables Mountain Range, this alpine town is surrounded by many historic, gastronomic, and scenic wonders. Take a stroll through the beautiful lakefront parks and gardens, browse through market stalls on weekends, dine in wonderful al-fresco restaurants, or ride on the 100-year-old historic Steamship - TSS Earnslaw to Walter Peak Station. Take the Queenstown Gondola up to Bob's Peak and soak up the panoramic views of the magnificent lake and mountain ranges. And after all of that, if you do want the adrenaline rush, Queenstown is known for taking your pick from the Shotover Jet, Canyon Swing, Zipline, Luge, or Heli-hike.

Shotover Jet Canyon Jet Boat Ride

Shotover Jet is the only company permitted to operate in the Shotover River Canyons. It's a thrilling ride! Skim past rocky outcrops at close range in your Shotover Jet 'Big Red', as you twist and turn through the narrow canyons at breathtaking speeds. And a major highlight - hold tight for the world-famous Shotover Jet full 360-degree spins! It is important you read and understand the risks associated with this activity. For more information please see [here](#).

SUGGESTED ACTIVITY - Million Dollar Lake Cruise

Cruise to the end of Lake Wakatipu in Queenstown and see more scenery, more mountains and more sights. You'll enjoy fascinating commentary including intriguing stories and the history of the area. You'll journey on a luxury heated launch and there's a bar on site for refreshments.

Explore more of Queenstown before dropping your rental car at the airport depot and continuing your onward journey.

SUGGESTED ACTIVITY - Nevis Swing with AJ Hackett

The Nevis Swing is not simply the most famous Queenstown Swing. It is not merely the most famous New Zealand Swing. This is the most famous swing in the whole world!

After being lifted out above the launch deck, suspended 160 metres above the canyon floor, you're suddenly released and find yourself rushing towards the other side of the valley at 120kph, eyes wide open in disbelief or shut tight in fear. It is important you read and understand the risks associated with this activity. For more information see [here](#).
